The market for off-road and special vehicles, as well as the one for the nautical and industrial applications, all fall within our capabilities. Thanks to the strong bond established over the years with those who, like us, have a qualified and certified structure and 100% made in Italy, our suppliers:

Italgiunti is a Brand and an assurance in terms of quality partnership today and in your future. We offer a consolidated experience in over **50 years of activity**, shown by the constant growth in the following fields:

- NUMBER OF NEW CNC MACHINES AND TOOLS
- DIMENSIONAL AND CONSTRUCTIVE TESTS
- TRAINED STAFF
- INSIDE DESIGN AND PROTOTYPING

We give you the peace of mind of having all the producing and assembly processes carried out in our 3 establishments in Borgaro Torinese this fact allows us to repair a shaft or produce a new one in a working day time.

A leader brand has the duty to meet your expectations in terms of quality, endurance and reliability.

R.T.M: rilsan coated treatments

T.T.N.: hardening and tempering

F.B. Cardan: producer of U-joints with Ina and SKF bearing cups

Italgiunti also follows directly the pre and post sales, granting a concrete help in choosing the right application for your needs; the assurance of receiving, even after many years, the same prompt and qualified answer had during the first contact.

When you decide to buy, make sure you receive the requested product.
